CATERING

We can prepare full meals for your meeting or function.

Everything on our Bistro menu is available, and we can also prepare bespoke meals that may not be on our Bistro menu.

We offer a Private Chef Service for a unique gastronomic experience of culinary artistry, where we prepare the meal at your home or office, and serve it to your guests.

You are also welcome to host your dinner party or event here at Sadie's Bistro, any evening during the week, or on weekends during the day or evening.
